

LOCUINTE INDIVIDUALE SI SERVICII DOROBANTI

The image displays three technical drawings of a drainage channel cross-section, labeled 1, 2, and 3. Each drawing shows a different internal profile for the channel. The scale for all drawings is 1:500, and the total width of the channel is 17 units.

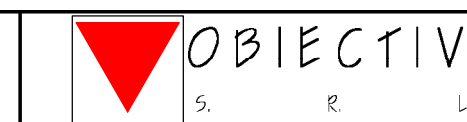

Diagram 1: The cross-section shows a channel with a flat bottom and vertical side walls. The width is 17 units. The dimensions are: 3 (left side wall), 1.25 (left side slope), 5.75 (left side slope), 7 (bottom width), 3.75 (right side slope), 1.25 (right side slope), and 3 (right side wall).

Diagram 2: The cross-section shows a channel with a flat bottom and vertical side walls. The width is 17 units. The dimensions are: 5 (left side wall), 7 (bottom width), 3.75 (right side slope), 1.25 (right side slope), and 3 (right side wall).

Diagram 3: The cross-section shows a channel with a flat bottom and vertical side walls. The width is 17 units. The dimensions are: 3 (left side wall), 1.25 (left side slope), 5.75 (left side slope), 7 (bottom width), 3.75 (right side slope), 1.25 (right side slope), and 3 (right side wall).
